PM BENCHMARK PRODUCT SESSIONS

Unpacking the *PM Benchmark* kits

Presented by Brendan Bolton, Primary Publishing Manager

You and your colleagues are invited to a free after school session to launch the **PM Benchmark** RAR Software. Come along and learn:

- how the **PM Benchmark** RAR kits and Software enable teachers to accurately assess students' instructional and independent reading levels
- how to use the **PM Benchmark** RAR kits and Software to assess students' comprehension (literal, inferential and applied knowledge), fluency and phrasing
- the skills teachers need to analyse MSV (meaning, structure and visual) miscues and self-corrections
- how the **PM Benchmark** RAR kits and Software help to identify and analyse the knowledge, skills and strategies students use when reading
- the importance of testing students with narrative and non-fiction texts from level 15
- how the **PM Benchmark** RAR kits has been designed to assess students from Foundation to Year 6.

The session will conclude with an open forum for questions and answers.

Beneficial for both new and current users of PM Benchmark:

- learn how to use trusted **PM** levelling to benchmark your students' reading development
- expert demonstration of each component including features and benefits
- successfully use each component as part of the complete program.
