INTRODUCTION TO ACCOUNTING FOR NON-MAJORS

ACCOUNTING: INFORMATION FOR BUSINESS DECISIONS, 3E

Cunningham | Nikolai | Bazley | Kavanagh | Slaughter | Simmons
ISBN: 9780170385411
560pp | Paperback | eBook | MindTap ©2019

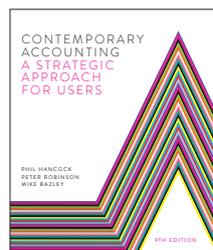

A business-focused introduction to accounting for all students - not just those intending to be accounting majors. Departing from the traditional approach taken by other textbooks, students apply both managerial and financial approaches within the topics examined in each chapter. The conversational writing engages students in the theoretical content and how it applies to contemporary real-world scenarios.

- NEW Show students how accounting works in a chapter-by-chapter coverage of a real-world business. Long-form business case study - Café Revive - continues throughout the text
- NEW Students apply accounting knowledge and critical thinking skills to solve an everyday problem with end-of-chapter 'Dr Decisive' letter
- New *MindTap* – a personalised eLearning platform for teaching and learning accounting. *MindTap* for Cunningham includes Polling Activities based on the in-text Dr Decisive feature, Revision Quiz questions, Concept Check Questions, Real-life cases and Critical Thinking Assignments

Available with  MINDTAP From Cengage  CourseMateExpress

CORPORATE FINANCE: THE ESSENTIALS: ASIA-PACIFIC EDITION, 1E

Besley | Brigham | Henry | Watanabe 
ISBN: 9780170210362
360pp | Paperback | eBook
©2013

Taking an applied approach, this book helps students relate to the theory by identifying decisions that companies and investors have to make, and building the knowledge required to evaluate these decisions and the relevant tools to make them.

All of the key equations are highlighted throughout the chapters and are summarised on tear-out equation cards, supporting learning for students who find it difficult to learn equations and mathematical principles.

- Engaging and relevant local and regional company examples include AWB, James Hardie, Telstra, Fosters Group, Rio Tinto, Fortescue Metals Group, and Woolworths Limited
- NEW Chapter on Derivatives (Ch 9), written specifically for the Asia-Pacific region

ANALYSIS OF INVESTMENTS AND MANAGEMENT OF PORTFOLIOS, 1E

Reilly | Brown
 ISBN: 9781473704794
 792pp | Paperback | eBook ©2015

Used extensively by professionals, organisations, and universities, Reilly/Brown combines solid theory with practical application. Filled with real-world illustrations and hands-on applications, this text takes a rigorous, empirical approach and emphasises how investment practice and theory are influenced by globalisation.

- International perspective, with new data, examples and currencies for students to put concepts into a familiar context
- Streamlined content to present a slimmer and more accessible text, with four chapters moved online
- Ethics emphasis: discussions of codes of ethics highlight the importance – and sometimes lack – of ethics in today's financial markets

TABLE OF CONTENTS

- Part 1: The investment background
1. An overview of the investment process
 2. The global market investment decision
 3. Securities markets: organization and operation
- Part 2: Developments in investment theory
4. Efficient capital markets
 5. An introduction to portfolio management
 6. An introduction to asset pricing models
 7. Multifactor models of risk and return
- Part 3: Valuation principles and practices
8. Analysis of financial statements
 9. Security valuation principles
- Part 4: Analysis and management of common stocks
10. Macroanalysis and microvaluation of the stock market
 11. Industry analysis
 12. Company analysis and stock valuation
 13. Equity portfolio management strategies
- Part 5: Analysis and management of bonds
14. Bond fundamentals
 15. The analysis and valuation of bonds
 16. Bond portfolio management strategies
- Part 6: Derivative security analysis
17. An introduction to derivative markets and securities
 18. Forward and futures contracts
 19. Option contracts
- Part 7: Specification and evaluation of asset management
20. Professional money management, alternative assets, and industry ethics
 21. Evaluation of portfolio performance
- Online chapters
- 1: The asset allocation decision
 - 2: Security-market indexes
 - 3: Technical analysis
 - 4: Swap contracts, convertible securities, and other embedded derivatives
