

WEBASSIGN

From Cengage

THE MOST POWERFUL ONLINE HOMEWORK SOLUTION FOR PHYSICS, MATHS AND STATISTICS

Engage students with immediate feedback, highly visual content and interactive questions, to develop a deeper conceptual understanding.

Designed to help you to quickly and easily create assignments, save time with auto-grading and monitor your students' progress, WebAssign can be integrated with your Learning Management System, allowing easy access for you and your students.

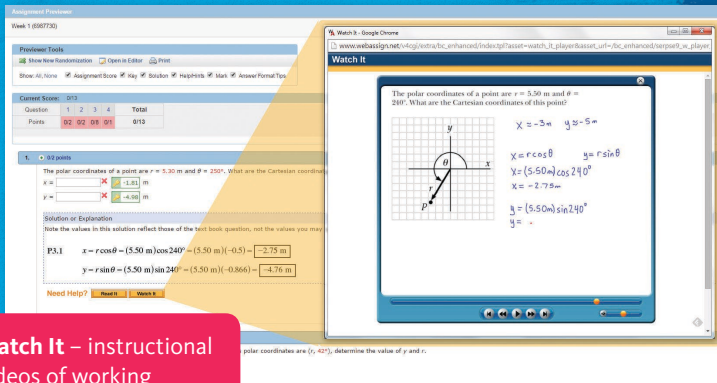

“ I liked receiving immediate feedback after each problem. It was an efficient way of letting me know which part of the problem I needed further understanding / practice / help in ”

Pre-calculus Student

IMPROVED OUTCOMES WITH WEBASSIGN

Read It – directs students to the appropriate section of the fully interactive, multimedia eBook, where purchased

Watch It – instructional videos of working examples help students better understand and apply concepts

Master It – step-by-step tutorials guide students through the solution to a similar problem and provide feedback along the way

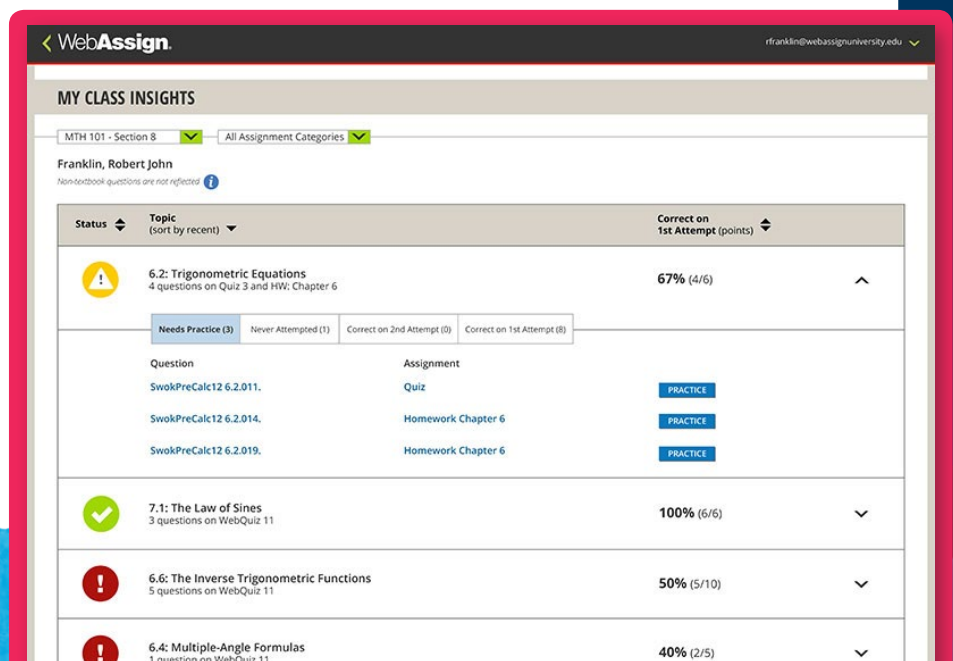

WebAssign provides students with the tools they need to develop their understanding, complete assignments and master concepts they find difficult.

- WebAssign's technology allows students to submit mathematically equivalent or differently formatted answers
- Immediate feedback helps students develop their understanding and identify difficult concepts
- Simulations prompt students to interact with a figure or animation and then answer questions to develop critical thinking and conceptual understanding

EASILY CREATE AND MANAGE YOUR COURSE

- Choose from thousands of text-specific problems to deliver the course that suits your students
- Use WebAssign's Gradebook to allow you to focus on teaching, not grading assignments. The Gradebook includes the functionality to weight grades by category, grant extensions, drop the lowest scores and more
- Easily monitor your students' progress with an overview of results, as well as the ability to drill into assignments and identify specific areas where your students might be struggling
- Use the Show My Work feature to consider more than just the students' final answer for grading

INTEGRATE WEBASSIGN INTO YOUR LMS FOR A SEAMLESS USER EXPERIENCE

Create a course on your Learning Management System and integrate your chosen WebAssign assignments.

Seamless user experience

Both instructors and students access WebAssign using LMS login credentials

Content Customisation with deep linking

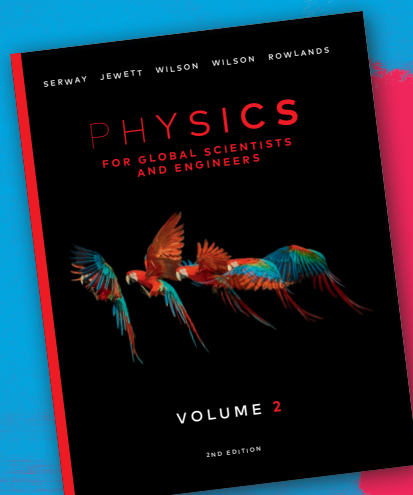

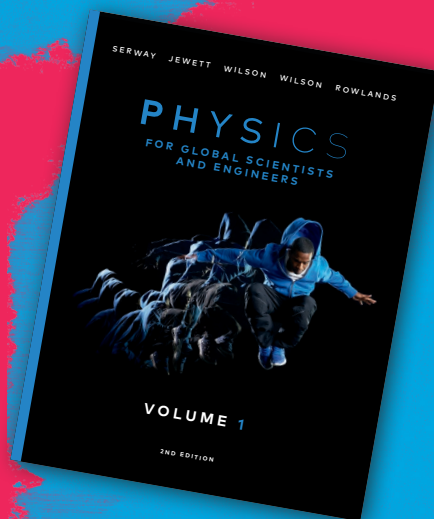

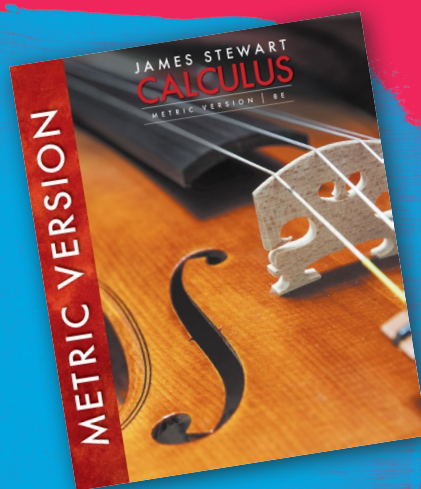

Customise a course to include direct links to specific activities

Automatic grade return

Selected activities are automatically synched with the LMS gradebook

WebAssign is available alongside many market-leading textbooks in mathematics and physics, including our best-selling Stewart calculus titles and Serway physics.

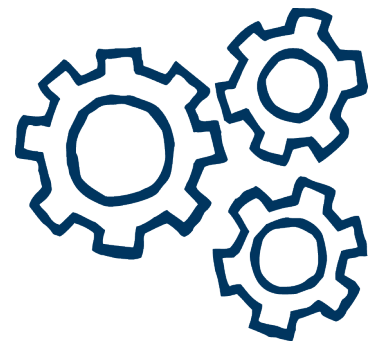

DIGITAL COURSE SUPPORT

When you choose WebAssign, a dedicated team of Cengage Digital Solutions Specialists will provide you with hands-on, end-to-end support, making digital course delivery a success for you and your students.

- Registration
- Course set-up
- Support and follow-up
- Faculty training
