

YOU ARE INVITED TO A FREE WORKSHOP

Cracking the Code with Nelson Maths for Victoria

To celebrate the release of our new series, **Nelson Maths: Victorian Curriculum**, Nelson Professional Learning is pleased to invite you to a series of **Cracking the Code with Nelson Maths for Victoria** workshops in August 2017.

Join us to learn how **Nelson Maths: Victorian Curriculum** offers a complete curriculum solution, for students with differing abilities and skills. Presented by series author and experienced primary mathematics teacher Yale Mercieca, the FREE workshops will include:

- interactive lesson demonstrations to show how the series assists teachers to deliver a differentiated maths curriculum, catering to all levels within a class
- how the new series supports the algorithms and coding strands in the *Victorian Curriculum: Mathematics*.
