

YOU ARE INVITED TO A FREE WORKSHOP

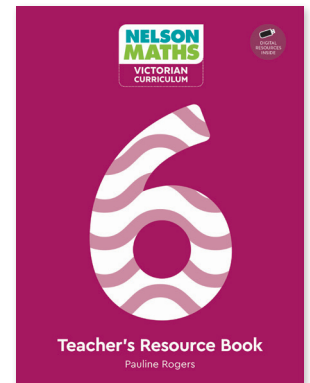

Cracking the Code with Nelson Maths for Victoria

Nelson Primary is pleased to invite you to a **Cracking the Code with Nelson Maths for Victoria** workshop in September 2017.

Join us to learn how **Nelson Maths: Victorian Curriculum** offers a complete curriculum solution, for students with differing abilities and skills. The FREE workshops will include:

- interactive lesson demonstrations to show how the series assists teachers to deliver a differentiated maths curriculum, catering to all levels within a class
- how the new series supports the algorithms and coding strands in the *Victorian Curriculum: Mathematics*.
