# Arrow Cards

DATE:

**You will need:** a set of arrow cards made from a copy of BLM 7 'Arrow Cards 1' and BLM 8 'Arrow Cards 2'

1 Using your arrow cards, make numbers to match the MAB models. Write your numbers beside each model.

2 Use your remaining cards to make the numbers below.

Write your number in the box.

**a** A number that is **more than 700** but has **no tens**

**b** A number that is **less than 700** but has **no ones**

**c** A number that is **between 700** and **900**

# Spike Abacus

DATE:

1 Write the number that is shown on each abacus.

2 Show the following numbers on the abacus.

3 Show the following numbers on the abacus.

**a** 10 less than 256

**b** 100 more than 752

SAMPLE

# Climbing the Ladder

DATE:

**You will need:** a partner, 3 dice

- 1 Take turns with your partner to roll the dice and make a 3-digit number. Write your number on a rung of the first ladder. The numbers need to get **bigger** as you go up the ladder.
- 2 Once you have written a number, it must stay on that rung.
- 3 Keep rolling the dice and placing your numbers until each player has filled their ladder.
- 4 You score 1 point if your numbers are in order from **smallest** to **largest**.
- 5 The person with the most points after 8 rounds wins.
